

## POLICY – Language, Literacy and Numeracy

## Requirement

**YouStudy** is committed to ensuring accessibility to all perspective students for the training courses we provide and recognises that at times language, literacy and numeracy requirements for the qualification may restrict a person from achieving the competencies required for particular courses or programs. We will make every effort to assess a perspective student's ability to carry out all the learning tasks and required assessments to the required standard before enrolment.

Where possible, the learning activities/assessments may be modified to compensate for those with literacy or numeracy skill needs.

for those with literacy of numeracy skill needs.	
Enrolment Process	
The College considers that staff have responsibilities to provide	CEO
training support for students by offering the following during	
the course enrolment process:	Administration
trainer support including a course induction	
Identification of special needs assistance, including	Trainers/assessors
Language, Literacy and Numeracy	
one on one tutoring	
Reasonable Adjustment	
From time to time, teachers will need to use a range of learning	CEO
activities and assessment tools that are adjusted for the	
particular needs of a student. The College will ensure that it	Administration
meet its equity obligations and expects training staff to	
understand these principles. To be flexible and fair, this	Trainers/assessors
may require accommodating a disability or language, literacy or	
numeracy issues. If unsure of the requirements of a unit of	
competency, Trainers should talk with the CEO. YouStudy	
offers student support and teachers should make use of this	
support if necessary.
